Software that fits the way you work.

Orhan Technology is a software company in Kabul. We set up one system for your stock, sales, money and staff, so every branch and every person sees the same numbers.

Odoo Authorized Partner
With support from our own team in Kabul.

Your language, your currency
Dari, Pashto and English. Afghani and Dollars.

Your records, moved in
We bring over your Excel files and train your staff in Dari and Pashto.

Clear from the start
The first visit is free. A fixed price is agreed before we begin.
